Work Experience

Senior Software Engineer

Canvas Developers | Dhaka, Bangladesh | Jun 2024 — Present

- Led the development of a multi-tenant sports management SaaS platform for international users, optimizing performance and scalability.
- Developed a centralized REST API to manage authentication, database operations, and third-party API integrations, enhancing system efficiency.
- Built an intuitive, custom admin panel to streamline administrative operations, reducing manual processes and improving overall management.

Software Engineer

Grey Stone International | Dhaka, Bangladesh | Mar 2022 — May 2024

- Developed the landing page and dashboard for an international fintech startup, leading to a successful launch.
- Refactored an international mid-scale ad optimization company's website for mobile responsiveness and enhanced performance.
- Integrated third-party APIs for an international client to improve site functionality and user experience.

Technical Operations Manager

Grey Stone International | Dhaka, Bangladesh | Jan 2019 — Feb 2022

- Managed the company's email server and website, ensuring reliable communication and a smooth online presence.
- Monitored and resolved technical issues, maintaining optimal system performance and minimizing downtime.
- Facilitated communication with buyers and suppliers, ensuring smooth coordination for orders and shipments.
